

# "The \$10 TenStep"

## Turn \$10 Into Unlimited Income

The \$10 TenStep is a single line matrix. Entries are placed one under the other as received. Each step is a single line matrix (10 steps or 10 single lines). You are moved to the next step each time you qualify. Your \$10 is leveraged through all 10 steps. Each time you cycle you are given a re-entry into Step 1, a re-entry in the same step you get paid in, and an entry to the next step.

The \$10 TenStep is a 100% legal program as it involves the sale of a product, namely, mailing list leads. You receive 60 mailing list leads for each entry you purchase and each time you qualify for payment in any step. These leads can be used for any purpose you choose. We will replace each nixie or undeliverable returned to us within 60 days with 10 names plus we'll include \$1.00 cash for your handling fee. A choice of a different product will soon be available for those that prefer not to receive mailing lists.

The \$10 TenStep pays daily on all completed cycles. Each time 10 entries enters the single line matrix the person on the top of the matrix qualifies and gets paid. Each time you are paid, three things happen, you are re-entered in the same matrix, given an entry into the next step, and a re-entry back into step 1 (except for Step 1 and Step 10). (See the TenSteps chart below)

You only need to purchase one entry to qualify for payouts, however you may purchase up to one additional entry per month. There is a good reason for this rule. We can't allow entries to be bunched together in a single line matrix.

Sponsoring is not required. Those that wish to sponsor will receive generous sponsoring bonuses each time your sponsored people get paid. This is our way of rewarding those that do the work.

The system keeps the lines moving up so everyone can cycle. Unlike traditional MLM where you have to build downwards, in a single or straight line matrix you start at the bottom and move up. The one question most often asked is how long will it take me to cycle in Step One or through all the cycles? That question cannot be truthfully answered. The speed or length of time it takes to cycle is solely dependent on how fast the program grows, in other words, the number of participants signing up and the number of those participants that actively promote the program. Impossible to predict.

### Why should you join "The \$10 TenStep" Program?

- A very small investment leveraged into unlimited income and mailing list leads!
- No sponsoring is required. However, no program is completely successful unless recruiting is done. Therefore, we have generous sponsoring bonuses for those that choose to work. Each time someone you sponsored gets paid you get paid. Every time.
- Continuous re-entries that keep boosting people to the top. The re-entry fees are a withholding from those that receive payouts to help boost people below them to the top.
- 90% plus of all money received is paid out.
- No commitments. Purchase one entry only, one per month, or an extra entry when you feel like it.

### NOTES:

You will receive a read out each time you are paid with information as to the disbursements of your payout. Sponsors will be notified as to who received payment for their sponsoring bonus. All payments are made by company check.

Code numbers will be used for tracking. If you are a member of STW you will use your STW membership number. Non-members will be assigned a number.

Notice: We make no claim that any agency of governmental authority has approved the pay plan or the program.
